

# New Jersey Judiciary Language Services Registry of Interpreting Resources

The New Jersey Judiciary's *Registry of Interpreting Services (Registry)* exists to serve the New Jersey Courts.

- This *Registry* includes “approved” and “registered” individual court interpreters.
- This *Registry* also includes agencies. Inclusion of an agency in this *Registry* does not constitute any type of endorsement, approval, or certification of the agency.
- This *Registry* includes “approved” and “registered” individual court interpreters who reside in or near enough to New Jersey to provide on-site and remote interpreting services to New Jersey's courts on a regular basis.
- This *Registry* also includes “approved” and “registered” individual court interpreters who do not reside in the New Jersey area but can provide remote interpreting (RI) services (video and telephone) and are designated with (RI-only) after their last name.
- As of November 13, 2009, the number of languages under which any individual interpreter or agency is included in this *Registry* is limited to six language options. Agencies that provide services in more than six languages may chose the “Any Language” option as one of their six language options. The “Any Language” section can be found at the end of the *Registry*.
- For more information about this *Registry*, please read the [Registry Overview](#) posted on the New Jersey Judiciary's website at [www.njcourts.gov](http://www.njcourts.gov).

## How to use the search feature in the *Registry*:

- Starting at the **beginning** of the document select the “EDIT” option from the menu, then select “FIND.”
- In the “FIND” dialog box type a search option such as a language, an individual interpreter name, or an agency name.
- Press the Enter key to go to the first listing. Press the Enter key again to jump to additional listings.
