PRODUCT LITIGATIONSUPERIOR COURT OF NEW JERSEY
LAW DIVISION: ATLANTIC COUNTY**CASE NO. 300**

CIVIL ACTION

**AMENDED CASE MANAGEMENT
ORDER NO. 9**

THIS MATTER having been brought before the Court with the purpose of establishing a process for identifying and selecting bellwether cases for trial in this Multicounty Litigation, with consent of counsel and for good cause shown,

IT IS on this 17th day of ~~May~~^{JUNE}, 2021,

ORDERED that case selection and discovery shall proceed as follows:

STAGE 1- Plaintiff Profile Forms

1. The bellwether pool shall have two parts. **PART A** will be the first 175 cases filed through July 31, 2016 as set forth on Exhibit A (the court docket sheet). **PART B** will be 75 additional cases selected randomly from all cases filed and served between July 31, 2016 and March 1, 2021. These cases are set forth on Exhibit B.

2. Utilizing the Third-Party Draw Service available on Random.org (<https://www.random.org/integer-sets/>) to select **PART B** cases, the parties jointly on Zoom shall generate a list of 75 random numbers and provide the parties with a site-generated timestamped print out and an electronic copy of the list of 75 random numbers.

3. To identify the **PART B** Selected Cases, the parties shall compare the timestamped list of 75 random numbers against the numbered case list attached hereto as Exhibit B. For

example, if number 10 is drawn via the Random Integer Set Generator, case number 10 on Exhibit B is one of the 75 Selected Cases.

4. Once the matching process described in Paragraph 2 is complete, the parties shall agree on the final list of **PART B** 75 Selected Cases. The list shall be numbered 1-75, and include the case name, docket number, filing law firm, and random draw number.

5. Within 48 hours of receipt of the list of 75 Selected Cases, the parties shall review and advise in writing of any issues or discrepancies. Otherwise, the list of 75 Selected Cases shall be deemed final.

6. Thereafter, within 3 days, the parties shall submit to the Court a proposed Order identifying the Selected Cases and discovery shall proceed as outlined below.

7. The plaintiffs in each of the Selected Cases shall (1) produce a fully complete and verified Plaintiff Profile Form, the form of which is attached hereto as Exhibit C; (2) produce executed medical record retrieval authorizations, the form of which is attached hereto as Exhibit D; and (3) promptly order the following core records and produce them to defense counsel via MDL Centrality upon receipt:

- a. All Medical records or reports from any hospital, physician, or other health care provider who treated plaintiff for ovarian cancer or any gynecologic disease, condition or symptom alleged in the Complaint and/or PPF ; and
- b. If applicable, decedent-user's death certificate and copies of letters testamentary or letters of administration confirming standing of the named plaintiff.

The Selected Case Plaintiffs from Part A shall do all of the above by **September 10, 2021**. The Selected Case Plaintiffs from Part B shall do all of the above by **November 19, 2021**.

8. By consent, the parties have agreed to use MDL Centrality, an online data management tool specifically designed to manage discovery in mass tort litigations, to complete and serve the Plaintiff Profile Forms and for the exchange of any other responsive discovery

documents between the parties. The system is accessible at www.mdlicentrality.com/talc. Plaintiffs' counsel will promptly register with MDL Centrality®.

9. If the Plaintiff has already completed an “old form” Fact Sheet, that Fact Sheet shall be added to MDL Centrality, updated within the time provided herein and it will not be necessary for that plaintiff to complete the Plaintiff Profile Form attached as Exhibit C. That Plaintiff shall, however, update the responses as necessary to make them current and complete, answer questions 3(c) (subtype of cancer), 3(d)(stage of cancer) and 4(b)(tubal ligation) from the Plaintiff Profile form at Exhibit C. In addition, fresh authorizations in the form attached at Exhibit D shall be provided.

STAGE 2 — Discovery Pool Cases.

10. By December 22, 2021, a group of twelve (12) representative cases shall be selected from **the Selected Cases** for further work up (the “Discovery Pool Cases”). Four cases shall be selected by the Plaintiffs, four by the Defendants and four shall be selected randomly. If plaintiffs in any of the Discovery Pool Cases do not wish to proceed, they may dismiss the case with prejudice within two weeks of selection, with each party to bear their own costs. Thereafter, defendants reserve their right to seek sanctions for a voluntary dismissal which occurs during the process of further case work up. Any case dismissed shall be replaced in the same manner in which it was selected — e.g. randomly picked cases will be replaced randomly, defense picked cases will be replaced by the defense, etc.

11. By January 14, 2022, each plaintiff who has been selected as a member of the Discovery Pool Cases shall file an Amended Complaint setting out specifically which causes of action they intend to pursue. If no Amended Complaint is filed, it will be assumed that they are pursuing all causes of action listed in the originally-filed Complaint.

12. By February 18, 2022, the defendants shall file an answer to include any previously asserted affirmative defenses that each defendant contends are actually being asserted in the particular case.

13. Except as specified in this Order and Case Management Order 11, or otherwise authorized by the Court, all case-specific discovery in this MCL proceeding shall remain stayed.

14. Discovery in the Stage Two Discovery Pool cases will be limited to the following:

a. The plaintiff in each case will be deposed; if a death case, then the spouse or significant other; or if a death case and there is no spouse or significant other, then the named personal representative or a family member selected by the plaintiff.

b. Up to two healthcare providers may be deposed in this phase with each side selecting one healthcare provider. The order of selection and questioning will alternate between Plaintiffs and Defendants based on alphabetical order. The list of cases in the Discovery Pool shall be put in alphabetical order.

Plaintiffs shall select and question a healthcare provider first in every alternate case starting with the first case on the list. As to the second healthcare provider in cases where Plaintiffs select first, Defendants shall select the second healthcare provider and question that healthcare provider first.

Defendants shall select and question the healthcare provider first in every alternate case starting with the second case on the list. As to the second healthcare provider in cases where Defendants select first, Plaintiffs shall select the second healthcare provider and question that healthcare provider first.

If cases are added to the pool after the creation of the list, they will be put on the bottom of the list and selection and questioning shall proceed in the order above. The time for healthcare provider depositions shall be divided 50/50.

c. Plaintiffs are permitted to engage in ex parte communications with Plaintiffs' healthcare providers limited solely to the discussions of the physicians' records, diagnosis, peer-reviewed, published scientific literature and the course of treatment. Documents other than medical records for the individual plaintiff and peer-reviewed, published scientific literature may not be provided to the healthcare providers, directly or indirectly, in any such ex parte meeting. If plaintiff's counsel engages in ex parte communications with her plaintiff's treating physician, at least 48 hours before the deposition of the Plaintiff's treating physician, plaintiffs' counsel shall disclose to defendants' counsel each of the following:

- i. the date(s) of each such ex parte communication;
- ii. the method and approximate duration of each such ex parte communication;
- iii. the location of each such ex parte communication, if in person meeting(s);
- iv. the participants in each such ex parte communication; and
- v. shall provide electronic copies of the documents or a specific cross-reference to a set of documents produced to another healthcare provider previously or other materials that were shown or provided to the treating physician by plaintiffs' counsel in connection with each such ex parte communication.

If the communications are within 48 hours of the start of the deposition, the above information shall be provided no later than 30 minutes before the start of the deposition. *Ex parte* communications shall encompass substantive conversations regarding Plaintiffs' claims, not discussions of scheduling or logistical matters.

d. Defendants' counsel are not permitted to engage in ex parte communications with Plaintiffs' treating healthcare providers. Nothing in this Order prohibits Defendants' counsel from retaining a treating health care provider of a given plaintiff in this litigation, subject to the following limitations: (1) under no circumstances shall that treating healthcare provider be retained by Defendants and permitted to offer expert testimony or expert opinions in the MCL litigation about a current or former patient; and (2) Defendants' counsel shall not retain and use as an expert any treating healthcare provider of a plaintiff in the MCL in the final 12 Discovery Pool cases unless the expert was retained before the Plaintiff is placed in the Discovery Pool of 12 .

e. Nothing in this order is intended to place any limits on deposition or trial testimony of a treating healthcare provider other than those provided by New Jersey Rules of Court and the Rules of Evidence.

f. Further discovery will be allowed once the pool of 12 is narrowed to the trial cases. No deposition is waived by not being taken in the Discovery Pool phase of discovery.

g. Within 30 days of being selected for the Discovery Pool, such plaintiffs will provide authorizations for social security disability records and, if a lost wage claim is being made, employment records and tax returns.

15. **Time for Completion of Discovery.** Discovery for the twelve Discovery Pool cases in this phase of the litigation shall be completed by April 8, 2022. In an individual case for good cause, the parties will meet and confer in good faith to resolve any issues.

Hon. John Porto, J.S.C.
