

# NOTICE TO THE BAR

## **MASS TORTS – DESIGNATION AND ASSIGNMENT OF FOSAMAX LITIGATION**

A previous notice advised of the application made to the Supreme Court pursuant to Rule 4:38A and the Mass Tort Guidelines (Directive #10-07) for designation of all New Jersey state court litigation involving the drug Fosamax as a mass tort and assignment of that litigation for centralized management to one of the three New Jersey mass tort vicinages. This notice is to advise that, after having reviewed that application and the comments received thereon, the Supreme Court determined to designate as a mass tort for centralized case management purposes all pending and future actions arising out of the use of Fosamax and seeking damages for existing dental or jaw-related injuries, including osteonecrosis of the jaw, but not solely seeking medical monitoring. The Court has assigned this mass tort to Atlantic County and Judge Carol E. Higbee, except for the case of *Pastorius v. Merck & Co., Inc.*, Docket No. ESX-L-6696-07, which remains venued in Essex County. While the application also sought the coordination of the handling of the Fosamax mass tort with the previously designated Zometa/Aredia mass tort assigned to Middlesex County and Judge Jamie Happas, the Court did not so direct.

Published with this notice are the Supreme Court's October 6, 2008 Order as well as Judge Higbee's October 17, 2008 Case Management Order. Both Orders also are posted in the Mass Tort Information Center on the Judiciary's Internet web site ([www.njcourtsonline.com](http://www.njcourtsonline.com)).
